

## Luxury 3+1+ Easy Access

**New for the 2010 season** to join our fleet of luxury trailers, this unit not only provides toilet and vanity facilities for your guests, but also offers a fully equipped easy access room.

Accessed by a hydraulic ramp at the rear of the trailer, wheelchair users can be lifted up to floor level to enjoy the same standard of facilities as the rest of the guests. This room can also be accessed from the ladies' cabin. A baby change facility is present and the area is large enough to be used as a changing room - ideal for small children requiring adult supervision.

The easy access room is fitted with appropriate handrails and has an alarm installed to indicate when the user requires assistance.

We are convinced this model will overcome every scenario of lavatory requirements your guests will need.
